Quoted yields should not be construed as an amount an investor would receive from the Fund and are subject to change. Returns greater than 1 year are annualized. Risk rating of the fund is determined by assessing the variability of historical peer fund class returns and actual returns and variability of our sub-advisors respective investment strategies. Other types of risk, both measurable and non-measurable, exist. Just as historical performance may not be indicative of future returns, the historical returns of our sub-advisors respective investment strategies used to assess the risk may not be indicative of their future variability. Investors should consult their financial advisor before making a decision as to whether this mutual fund is a suitable investment for them. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus, which contains detailed investment information, before investing. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
