**Investment Objective:** To provide long-term capital appreciation through investment in the equity securities of Canadian issuers. The Fund seeks to outperform the S&P/TSX Composite Total Return Index over rolling four-year periods.

**Portfolio Manager:** CWB Wealth

**Portfolio Sub-advisors:**

**Guardian Capital** Founded in 1962, Guardian Capital LP is an independent, institutional investment firm whose approach is to look for companies that have one or more definable long-term drivers of growth.

**CWB Wealth** CWB Wealth is the wealth management division of Canadian Western Bank. CWB Wealth uses a discounted cash flow approach as the cornerstone of its bottom up process. Balance sheet strength and management are also considered, in ultimately identifying high quality, dividend paying companies for the portfolio.

Investment returns are expressed in Canadian dollars unless otherwise noted and are net of investment management fees, net of fund expenses for the Prosperity pooled funds, and include reinvestment of dividends and income, where applicable. They do not take into account other charges or income taxes payable by any unitholder that would have reduced returns. Returns are time-weighted and figures may be subject to rounding. Pooled funds are not guaranteed. Values change frequently, such that past investment performance is no guarantee of future returns and may not be repeated. The above performance information reflects previous sub-advisors and/or sub-advisor allocations. Note that this fact sheet references only the pooled fund units available to CWB Wealth clients when we provide discretionary investment management services.
